BHUBANESWAR/BHAWANIPATNA: Ties between the Biju Janata Dal (BJD) and the Bharatiya Janata Party (BJP) reached a new low on Monday with the latter alleging that the State Government is neglecting the western and southern Orissa districts where the party has a base.

Though the BJP did not hit out at the 'Big Brother' openly, the tone and tenor of the speeches of the grassroots level leaders at the meeting hinted that the alliance is almost over at the village and block levels.

BJP general secretary Vinay Katiyar's directive to the State functionaries to prepare the party machinery for election in all the 147 constituencies conveyed the feeling that the party is not prepared to take things lying down any more.

Addressing a media conference, State BJP president Suresh Pujari expressed concern over the deteriorating standard of higher education in the State and demanded that vacant posts of lecturers in the backward districts should be filled up.

Criticising the State Government's new policy of giving block grants to school and colleges, Pujari said the system of regular grants should be reintroduced. Stating that Kalahandi needed special attention in the field of road communication and education, Pujari demanded that the Western Orissa Development Council (WODC) should be made autonomous. Pujari welcomed the industrial policy of the State Government.

He, however, observed that there should be rehabilitation and the affected families be given priority in employment. The political resolution adopted at the meeting criticised the Centre for neglecting the NDA-ruled States.

Alleging that institutions of higher education, including Central university, IIT and IIM are being diverted to neighbouring States ignoring the claim of Orissa, the party demanded that such institutions should be established in the State. Pujari demanded that all the villages in the State should be included in the village electrification programme and funding for KBK scheme be increased.
